

The global network for the materials cycle

Ref: IB/EH

22 June 2021

Mr CL DeArmitt FIMMM

**By e-mail**

Dear Mr DeArmitt,

**Award of Fellowship (FIMMM) - 679324**

I am delighted to confirm that your application has been approved. The award of this prestigious grade entitles you to call yourself a **Fellow of the Institute of Materials, Minerals and Mining** and use the post nominal designation **FIMMM** for as long as you remain a paid-up member of the Institute. Your certificate will be forwarded to you in due course, however, there may be a delay due to an increase in workload.

Please accept our congratulations on this achievement. To conform with the Institute's byelaws, your election to Fellow will be completed when you have paid the outstanding balance on the enclosed 'request for payment' form.

It is our practice to publish the names of new Fellows in the members' magazine *Materials World*. If you **do not wish** to have your name published please contact us.

As a Fellow of IOM3, you are eligible to apply to become a Liveryman of the Worshipful Company of Engineers; details can be found at: [engineerscompany.org.uk/membership/](http://engineerscompany.org.uk/membership/)

The Institute encourages all members, regardless of grade, to maintain a record of their Continuing Professional Development (CPD) activities. You can either record this online via your IOM3 website account at [www.iom3.org](http://www.iom3.org) or through some other appropriate recording tool of your choice. The Institute does not mandate a minimum amount of CPD that each member should undertake annually, but recommends it be no less than 35 hours. Further details and guidance on CPD are available from our website at <https://www.iom3.org/membership/chartered-status/registration-options/cpd-requirements-for-professional-registrants.html>

Please do not hesitate to contact me if you have any questions or I can be of further help.

A handwritten signature in black ink, appearing to read 'Ian Bowbrick', with a horizontal line underneath.

With kind regards,

EUR ING Ian Bowbrick CEng CEnv FIMMM
